About the Institute

The Birla Institute of Management Technology (BIMTECH) is known for its own state-of-the-art quality education system. Located in the National Capital Region, and having a fully-residential campus, it offers a highly conducive learning environment, interaction with an industry-academia mix of professors, proximity to the strategy makers of the industry and practitioners of the service and manufacturing conglomerates, together with exposure to the international universities and companies. It boasts of influential alumni base spread all over the globe.

BIMTECH was established in 1988 under the aegis of the Birla Academy of Art and Culture. The Institute is supported by B.K. Birla group of companies. Dr. (Smt.) Sarala Birla, Chairperson of Birla Academy of Art and Culture and Syt. B K Birla, Chairperson of B K Birla Group of companies are the founders of the business school. The Board of Governors headed by Mrs. Jayasree Mohta, Vice-chairperson, Birla Academy of Art and Culture, comprise eminent personalities from industry.

BIMTECH is a mini-India in itself. It has students studying from almost all the states of India, and also from foreign countries. It is the mix of nationalities, cultural backgrounds, and academic and professional experiences that makes BIMTECH one of the most exciting and enriching business schools in the country today.

India is presaging strong growth in its economy. Delhi (National Capital Region) is the trigger of this growth. This is where industrial and economic policies are framed, Industry Associations meet, and CEOs' interactions are all realities and not just media news. It is also one of the cultural convergence centres of India for both national and international platforms. This location is a prime asset for the Institute's exposure to the real-life learning and development of national and global networking.

The programmes offered by BIMTECH have very strong base of academic rigour and industry interaction. They are designed and reviewed in consultation with industry experts and delivered by an excellent faculty, many of whom have decades of industry experience and are known for their dedication to teaching and research, and those who have close ties with the national and international, academic and business community. The programmes promote close academic-industry linkage in a highly conducive learning environment.

The team of core, adjunct and visiting faculty from India and abroad offers quality knowledge sharing on various aspects of business, business leadership, and entrepreneurship. The international academic partners of BIMTECH provide students a wider platform to prepare them for global leadership. The teaching and research projects in the new economy areas are the latest efforts and developments which have overwhelming support and response from government bodies and national and international institutions.
