

Name : Ankita Verma
Designation : Research Scholar, Batch-2026
Institution : BIMTECH
Email : ankita.verma_fpm26@bimtech.ac.in

BIOSKETCH:

Ankita Verma is a Fellow Programme in Management (FPM) scholar in the area of Strategy at BIMTECH, with a research focus on corporate sustainable strategies — specifically ESG (Environmental, Social, and Governance) practices, carbon-neutrality, and sustainability. She brings a diverse academic and professional background to her doctoral research. She holds a B.Sc. (Hons.) in Physics from Kirori Mal College, University of Delhi, followed by a Master's degree in Public Administration. She further specialized in environmental law and policy through a Post Graduate Diploma in Environment Law and Policy (PGDELP) from the National Law University.

Prior to pursuing her FPM, Ankita served as a Circle Officer in Bihar from 2021 to 2025, where she gained extensive administrative and field-level governance experience, handling revenue administration, law and order, and public service delivery at the sub-divisional level. Ankita brings a rare combination of scientific training, on-ground administrative experience, and specialized expertise in environmental law and corporate sustainability strategy to her doctoral research and professional profile.
