Dr. H Chaturvedi
Director

Dear Students,

I take this opportunity to extend a warm welcome to each and every one of you as you embark on a holistic educational journey of academic learning and personal growth.

At our institution, your intellectual capabilities will be nurtured to enable you to make an impact on society through compassion and empathy. Our faculty, mentors, and staff aim to empower you to achieve your aspirations and chase your dreams through values of integrity, dedication, hard work, resilience, and compassion. There could be failures and disappointments, but treat them as steps to success and seek guidance from faculty and mentors.

Our B-school has adapted to numerous transformations keeping in sync with societal changes. We have overcome the challenges posed by the pandemic through technology adoption, and consequently, we have revamped our curriculum to enable our students to face any crises, disasters, wars, or epidemics in their future roles as managers or leaders. We ensure the continuity of teaching and learning of our students while keeping their health, wellness, and career opportunities at the forefront.

By joining BIMTECH, you are embarking on an education system meant to be transformative – academically, socially, and personally. "Excellence and Values" are our guiding principles reflected in every activity of the Institute. We encourage your participation in extracurricular activities and community engagement through opportunities provided by our various clubs and conduits. These experiences will shape your character, broaden your horizons, and provide invaluable life lessons. Our Handbook is carrying all the relevant information and the expected code of conduct to be honored by you as a student in the college and thereafter in the industry. Embrace the collaboration, critical thinking, and experiential learning opportunities our institution provides.

Looking ahead to 2023-24, let us embark on this journey by embracing diversity, inclusivity, critical thinking, and enthusiasm.

Once again, I welcome you to the BIMTECH family and our community of shared principles and values.

Wish you a happy, healthy, and fruitful two years ahead. Best wishes!

# **Academic Information**

### 1. The Prelude

#### **Excellence with Values**

This Handbook gives students of BIMTECH guidelines for academic and personal conduct. The curriculum and other inputs and resources, that the institute makes available to the students, aim for the overall growth of future management professionals. Our students are expected to imbibe value-based conduct, emotional stability, maturity of thought, and spiritual sensitivity. We aim that the students will strive to achieve the objectives of the institute, abide by the rules and conduct themselves in such a manner as to bring laurels for themselves and prestige to the institute.

The BIMTECH Student's Handbook contains information for students about available services, administrative policies and procedures, academic regulations, conduct standards and regulations, and governance structure. The goal of the Handbook is to help students take advantage of opportunities at BIMTECH.

The Handbook's rules/guidelines are effective for the 2023-2024 academic year, beginning June 2023. Changes could be made in this Student Handbook by BIMTECH management whenever necessary and shall be effective as of the date on which they are formally notified, or on the date specified in the change.

All students pursuing their studies at BIMTECH will be bound by the policies, procedures, and academic regulations contained herein or issued by the competent authority from time to time.

# 2. Student Development Goals

BIMTECH aims at the all-around development of students including academic, social, and personal growth. The Student Development Goals aim at nurturing the students in such a way that they are equipped to handle the challenges of the increasingly complex world around them. These goals emphasize the necessity for BIMTECH students to fulfil their responsibility towards themselves as well as to society.

### 3. BIMTECH Honour Code

The Institute aims to create an environment in which students, faculty, staff and individuals affiliated with the Institute can freely exchange ideas and thoughts, build on their intellectual curiosity and celebrate diversity.

To create such an atmosphere, members of the community must respect each other and act responsibly.

A BIMTECH HONOUR CODE has been designed to give clear direction to the students in this regard. The Institute expects students to follow this code.

While joining the institute, in the orientation programme, every student will take a pledge and commit himself/herself to follow the BIMTECH HONOUR CODE in its true spirit.

#### Pledge of BIMTECH Honour Code

As a BIMTECHian, I take the pledge that -

- I will strive to act with honesty and integrity.
- I will respect the rights and dignity of all people.
- I will care for others' safety and will avoid any kind of verbal and physical violence.
- I will provide truthful information to the Institute about my personal background.
- I will not fabricate or plagiarize any information concerning the curriculum.
- I will always act lawfully and not participate in any unlawful activity such as ragging, indulging in the consumption of intoxicating substances, etc.
- I will not seek, receive, or obtain an unfair advantage over other students.
- I will personally uphold and abide, in theory, and practice, the values, purpose, and rules of the BIMTECH HONOUR CODE.
- I will report all violations of the BIMTECH HONOUR CODE committed by members of the student community, to the authorities.

## Handling Honour Code Violation

Every student is expected to report a suspected violation of the Honour Code to the Discipline Committee. The Committee will then notify the individual charged

that a case of Honour Code violation has been filed and that an investigation will follow.

At this point, the Committee will commence an investigation to determine the existence, nature, and extent of the alleged violation. The student charged will have an opportunity to present his/her evidence and case at a date and time determined by the Committee. At the end of the investigation, the Committee will determine whether the charges should be dropped, or appropriate disciplinary action should be declared.

## 5. Relevance of Accreditation

Accreditation is the process by which the competency of an educational body is certified. It is strongly linked to the quality status of an institution. The higher education institutes adhere to the quality standards set by the accreditation bodies to deliver high-quality education and support facilities to the students. There are two accreditation bodies nationally, i.e., the National Board of Accreditation (NBA) and the National Assessment and Accreditation Council (NAAC); and there are many international bodies, i.e., the Association to Advance Collegiate Schools of Business (AACSB) based in Florida, USA; the Association of MBAs (AMBA) based in London, UK, European Quality Improvement System (EQUIS) based in Brussels, Belgium.

Accreditation of the institutions by these bodies focuses on promoting and recognizing the institutions and universities offering technical education in terms of their superiority. The benefits of accreditation are transferred not just to the institutions but also to the students, prospective employers, and even society, who are also key stakeholders. An obvious advantage is continuous improvement in terms of quality, wherein the approach is developmental in terms of promoting excellence in higher education. In brief, the aim of the accreditation is to establish that students are learning contemporary and relevant material to their field of study, which will enable them to become successful leaders after graduating. It involves measuring the goals and objectives of the program in order to develop an assurance of learning, which is central to accreditation, particularly AACSB. This helps the institute benchmark itself with the schools across the globe, and therefore, the process is extensive and stringent.

In 2022, BIMTECH was awarded the prestigious AACSB International Accreditation. We are proud of the fact that BIMTECH has now joined the Ivy League of globally recognized B-Schools.

All our Postgraduate Programmes, namely: PGDM, PGDM (IB), PGDM (IBM), and PGDM (RM), have been granted accreditation by the NBA. BIMTECH has also completed its first cycle of NAAC accreditation with an A+ grade and is now in the process of applying for cycle 2 of accreditation. We intend to consistently uphold the principles of quality management education and student engagement in the future.

- 7. A onetime Alumni Membership fee (currently Rs. 5,000/-) will be deducted from refundable security payable to the student towards the end of the course.

## 8. Examinations

#### a. Assessment Method

The institute follows a structured evaluation system for assessing the performance of the students. This system of assessment is based on a well-designed course structure. While the core subjects are compulsory for all students; the elective subjects are chosen by the student based on the area of specialization, as applicable, with the consent of the Chairperson. The assessment of the student will be done as follows:

#### 1. Internal Assessment:

Students' internal assessment is based on a system of continuous assessment in the Trimester based on their performance in classroom discussions, analysis of case studies, project work, presentation(s), assignment(s), surprise quizzes, mid-term written examinations and on-line tests, etc. Sixty percent weightage is given to this assessment.

Internal marks/attendance are communicated to students prior to end term examinations by the faculty concerned. The marks awarded in internal evaluation are moderated by the Examination department as per the student's attendance record & attendance policy of the institute.

#### 2. End Term Examination (ETE):

The end term examination is conducted in each course/ subject to assess the analytical and conceptual understanding of the students through essay type questions and the skill to use the knowledge through case and/or problem-solving exercises. Out of the total, forty percent weightage is given to this assessment. Examinations are governed by the following guidelines:

- ETE are usually not conducted in subjects that have 2 credits or less. In these subjects' students are assessed on internal marks out of 100.
- ETE are generally of 2 hours' duration, though for some subjects, the duration may be shorter/ longer based on course requirements. The standard question pattern for the end-term examination consists of 2 sections, viz. Section A and Section B which are as follows:

Section A will have questions divided into 4 blocks of 2 questions each. Students have a choice of attempting one question out of each block of two alternative questions (each of 5 marks); for a total of 20 marks. Each block will cover a different CO (Course Objective).

Section B will have a case study covering one or more COs as per the case to be analyzed. There may be two or more questions for a total of 20 marks (( all COs will be covered in both sections combined).

(Note: There could be deviation(s) in question paper standard format on the recommendations of the faculty concerned with approval of Dean-Academics which will be advised to students by the faculty)

#### b. Revaluation:

A student can apply for revaluation of his/her paper after the announcement of end-term/improvement/supplementary results. For a subject with no-end term exam there will be no revaluation. The faculty will share the internal marks before the start of the End Term Exams.

The answer book for revaluation will be sent to an alternate faculty member. This is to ensuring independent evaluation. Post revaluation the student if he/she so desires, can view his/her answer book no further correspondence in respect of valuation will be entertained. End term marks after revaluation would apply. In case a student passes in the end term revaluation, his/her internal marks will be carried forward.

## c. Supplementary Examination:

A student will be eligible for a supplementary examination if he/she gets a D or an F grade in a subject. The marks in all supplementary examinations will be out of 100, and previous internal marks will not be considered. There will be no 're-supplementary' examination. Students not achieving passing CGPA of 5.0 or having more than 2 Fs (1 F = 2Ds) at the end of each trimester will get an opportunity of achieving a passing grades by taking a supplementary /improvement exam, but not both in a subject i.e. no improvement would be allowed in a subject after the supplementary exam.

## d. Improvement Examination:

A student will be eligible to appear in the improvement examination in the subjects where he/she has C+, C or C- grades in a term & CGPA in the term of less than 5.0. Any opportunity for improvement not availed of at the appropriate time will lapse.

Improvement exams are held along with supplementary exams at the end of each term, as per the timetable below. The fees in case of improvement exam will be the same as supplementary exam fees. 'Re-improvement exam' will not be permitted. If there is a reduction in overall marks after an improvement exam, the previous grade will be maintained. Internal marks will be carried forward in improvement cases.

## e. Schedule of Supplementary/Improvement Examinations:

- 1. Supplementary/Improvement Examinations for the 1st Trimester of a batch will be held along with the 2nd Trimester of the same batch.
- 2. Supplementary/Improvement Examinations for the 2nd Trimester of a batch will be held along with the 3rd Trimester of the same batch.
- 3. Supplementary/Improvement Examinations for the 3rd Trimester of a batch will be held along with the 4th Trimester of the same batch.
- **4.** Supplementary/Improvement Examinations of the 4th Trimester for a batch will be held along with the 5th Trimester of the same batch.
- 5. Supplementary/Improvement Examinations for the 5th Trimester of a batch will be held along with the 6th Trimester of the same batch.
- **6.** Supplementary/Improvement Examinations for the 6th Trimester of a batch will be held immediately after the declaration of the result.
- 7. The supplementary examination may be conducted at an earlier or date, at the sole discretion of the management.
- **8.** Charges for Supplementary, Improvement and Revaluation are uniform & non-refundable @ Rs.2000 per paper without any maximum ceiling.
- **9.** A student who does not apply for supplementary, revaluation, or improvement within the stipulated time limit and/or does not deposit the fees will be ineligible to appear in the exam.

## f. Relative Grading:

The Institute follows a system of 'Relative Grading' for assessment of students' performance vis-à-vis the group by converting marks to grades. The exercise is done prior to the result announcement, jointly by Faculty /Area Head/Chairperson and the Controller/ Dy. Controller of Examination to ensure fairness and transparency in the process. The following table depicts each grade point with its value on a 10-point scale (1-10):

Description	Grade	Grade Point
	A+	10
Excellent	A	9
Excellent		
<u></u>	A-	8
	B+	7
Good	В	6
	B-	5
	C+	4
Satisfactory	С	3
	C-	2
Poor	D	1
Fail	F	0

**The Term Grade Point Average (TGPA)**, is a weighted average of grade points, as per the details below:

Each subject carries a certain number of credits. The credits for each subject will be intimated to the students by the respective Program Chairperson with 10 x credits generally corresponding to the number of teaching hours for the course.

Based on the credits and grade points obtained by the student for each subject, TGPA will be calculated as follows:

 $TGPA = \Sigma (credits \times grade point) / \Sigma all credits$ 

Second trimester onwards, TGPA and Cumulative Grade Point Average (CGPA) is calculated being weighted average of TGPA and Term Credits as follows:

 $CGPA = \Sigma (TGPA \times term credits) / \Sigma term credits$ 

A Grade Sheet is sent at the end of every Term to the students and a Consolidated Transcript of Grades is given at the time of completing the course which contains details of each Term.

Where  $\Sigma$  term credits is the sum total of credits of all trimesters.

The student must satisfy the following conditions, at the end of the third term of the first year to be eligible for promotion to the second year:

- a) A minimum CGPA of 5.0
- b) Not more than 4 Ds or 2 Fs (1 F = 2 D s).

At the end of the first year of the 2- year program, if the student does not meet passing criteria (viz. minimum CGPA of 5 and not more than 2 Fs or equivalent), Dean Academics, on the recommendations of the Chairperson, may grant approval for special exam(s) to be conducted for the student in the Fail subjects. This would, however, be the last chance, and no revaluation, supplementary or improvement would be permitted. These exams would be held and evaluated upon payment of the usual fees, generally before the start of the 4th term.

If the student still does not achieve passing criteria, he/she would have to leave the course.

Similarly, the criteria to be eligible for award of Diploma at the end of 2 years is to achieve a minimum CGPA of 5.0 with not more than 2 Fs and 1 D (or equivalent with 1F=2Ds) with no 'I'-Incomplete Status' in any subject. The minimum eligibility criteria to be considered for Relative Grading is 40% marks separately in Internal and End-Term evaluation. Those students not achieving this in either assessment would be required to appear in a supplementary exam evaluated out of 100 marks in the subject.

#### g. Online and Offline Exams

During the COVID pandemic, exams were conducted online using Moodle in March 2020, which was continued with while the impact of the COVID lasted. There was a switch back to off-line exams towards the end of 2021. Offline exams are conducted with masking of roll numbers on answer books and by giving dummy codes to remove any bias. The marks after evaluation are uploaded in the On Line Testing package and relative grading is conducted jointly by Exams and the Faculty/ Chairperson on the marks to reduce subjectivity and grades are assigned on a scale of 0-10. Marks are converted to grade points on a 10-point scale and TGPA calculated using product sum total of subject grades and credits as per as details above.

Post Covid the institute reverted to off-line teaching and evaluation the weightages were revised to 60:40 for internal: end term evaluation. The decisions may be reviewed anytime at the discretion of the management.

## h. Outward/Inward Exchange Students:

Students can opt for a term of study in one of the partner Institutes of BIMTECH abroad. All grades earned in the foreign university would be converted into BIMTECH grades as per policy which will be advised to

exchange students before they opt for the foreign university. Issues regarding supplementary (resets) for exchange students would be handled as per the rules of the foreign university. The Trimester-2 supplementary exam for Exchange students would, as per current practice, be conducted along with the Trimester III End Term Exam.

Students with a 'D' or 'F' in any subject prior to selection are generally not eligible for the Exchange Program.

Inward Exchange students, during their stay at BIMTECH for the Exchange Program are governed by the Examination Policies of the Institute.

## i. Course of Independent Study (CIS):

This is a provision for a last chance for course completion, subject to the approval of the Management, for students who, at the end of 2 years, are not meeting passing criterion. Students who are not eligible for a diploma may request the concerned Chairperson for permission to opt for CIS in failed subjects. CIS would be considered for students based on the recommendations of the respective Chairperson to Dean Academics for sanction and is not a matter of right. The student would take up CIS in the 'Fail' subjects in the ensuing Academic year and complete the CIS subjects in one attempt per subject either in the first or second term of the next academic year.

The student would be charged a fee of Rs. 15,000 per subject per term and exam fees of Rs.2000 per paper. No revaluation/supplementary/improvement would be allowed in the subjects after the student appears in the end term paper for the subject(s) and the results of the evaluation would be final. The student would have to ensure that he/she achieves the passing criterion at the end of CIS. In one term, the student would have 10 one hour sessions per week of interactions/ term with the faculty teaching the subject. Marks for CIS courses would be out of 100.

## j. i. Academic Integrity:

Academic integrity is about the honest presentation of your academic work. It means acknowledging the work of others while developing your own insights, knowledge, and ideas. Academic work in an institute depends on the practise of academic integrity as a core value. It is an important part of academic life for both faculty as well as students and is essential to all academic thought and practice. All work produced must acknowledge the sources of ideas presented and cite the original written work.

## ii. Avoiding Plagiarism:

In preparing assignments, the students will need to do independent work. If any ideas of others are used, they should be acknowledged and should not infringe copyrights. Students are encouraged to read widely and acknowledge any ideas that are not their own by including citations in a list at the end of every assignment. It is the responsibility of every student to know how to reference correctly. The Harvard Referencing System or other referencing systems need to be used in research papers and assignments.

## iii. Penalties for Plagiarism:

Penalties for plagiarism can be severe, depending on the nature of the offence. If a student has been charged with academic misconduct for plagiarism, he/she may have to attend a hearing to defend or explain his /her actions. If found guilty, the student could get zero marks for the assignment and/or be given a more severe penalty as decided by the institute.

## k. Code of Conduct during the Examinations

  - The institute reserves the right to take appropriate punitive action against such examinees who are reported to be using unfair means during examinations. The decision of the management of Institute shall be final and binding.

## 9. Discipline and Conduct Rules

The Institute strives to develop morally and socially responsible business leaders and entrepreneurs while maintaining the highest standards of ethics, academic integrity, and care for the community. It is the collective responsibility of all BIMTECHians to achieve this to enrich their experience on campus and ensure that they ultimately become role models in their communities. To achieve this, the Institute has laid down certain norms for general discipline and ethical conduct on the campus under the Dean Student Welfare which ensures ethical behaviour. These are certain norms that students are expected to follow:

## a. General Discipline

- Ragging, inside the campus, in hostels or outside the campus is strictly prohibited. Any student found ragging a fresher or having direct or indirect involvement in this unlawful activity will entail strict action against the guilty, which may also be immediate expulsion from the Institute and/or any other punishment deemed fit by the Discipline Committee. Please note that we abide by the Supreme Court's directives in this matter.
- Students are expected to exercise control over verbal as well as non-verbal (body) language while dealing with faculty, staff, and fellow students. Intemperate language and rash behaviour will not be tolerated under any circumstances.
- 3. Wearing helmets and following traffic rules is a must for the safety of students riding two-wheelers. Students riding bikes and two-wheelers must purchase helmets of good quality.
- 4. Smoking, consuming alcohol, taking drugs, and chewing tobacco in any form or in possession of these items inside the campus and hostels is prohibited. Non-compliance will invite severe penalties, which might include debarment from the placement or any other such disciplinary action or measure decided by the appropriate authority or committee formed for the purpose. This will include those students also who have consumed alcohol outside the campus but are found to be in an inebriated condition inside the campus and hostels.
- 5. Mobile phones should be switched off during curricular as well as extracurricular activities. Mobile phones are also not allowed inside computer labs, library, and administrative offices. As per norms of normal decency, a photograph of any other person/student should be taken with his/her consent.

(25)

- Students are expected to be punctual for all classroom functions, guest lectures, seminars, conferences and all other curricular and extracurricular activities.
- 7. Students are expected to display acceptable behaviour within the campus. Except for handshakes as a form of greeting, no other physical proximity between male and female students is permitted.

## b. Classroom Discipline

- Students are expected to be present in all the scheduled classes as per the
  timetable shared with them. They should be seated in the class at least five
  minutes before the scheduled start time. No student should remain absent
  from any class without intimation and prior sanction from the concerned
  professor handling the class. Unauthorized absence from the class will
  invite a penalty which will be determined by the faculty concerned.
- Students are expected to be involved while in the classroom. Any distraction caused by the use of mobile phones, cross talk or chat with fellow students will invite disciplinary action as determined by the faculty concerned.
- Students are expected to be present in the classrooms for the lectures before the instructor. Late entrants will not be allowed to enter the classroom.
- 4. Other than the classroom contact hours based on course credits, students are expected to spend 2-3 hours for every session outside the classroom working on assignments and projects.
- 5. Assignments and projects should be the original work of the student. Copied assignments from the internet, seniors or classmates will not be acceptable. Plagiarism is viewed very seriously and zero marks would be awarded in such cases or student may even fail the course.
- 6. To avoid academic fraud and to maintain research ethics, BIMTECH makes systematic use of Turnitin®. Each student should submit an originality report with their assignments.
- 7. Students are expected to be punctual in all respects and they should try to submit their assignments before the last date of submission.
- 8. Fans, lights and other electrical devices should be switched off after the session gets over.

9. Eatables and beverages are not allowed to be taken in the class.

#### c. General Code of Conduct

- The very nature of the postgraduate program requires students to work collaboratively in teams. Occasionally, students come up against a true struggle in the team environment, in the form of one non- performing student. The team leader has to bring such students to the notice of the concerned professor.
- 2. After the classes, students are instructed to use only the ground floor of the Academic Block (excluding the stairs) for academic group activities. Two classrooms (C2 & C4) will be kept open till 9 p.m. for this purpose.
- 3. Any student (s) with a genuine need to use the computer lab or seminar hall after the scheduled closing time (for placement, academic, cultural and other activities) should compulsorily seek permission from the Deputy Director through the concerned faculty-in-charge.
- 4. The Institute attaches utmost importance to national festivals viz., Independence Day, Republic Day, Gandhi Jayanti. The Institute authorities and the Cultural Committee of students organize befitting programmes. Various cultural and academic activities are also organized for the benefit of students throughout the year. Students are expected to participate in these activities with due fervour and enthusiasm. No permission for a night out or day out will be given for such days except in very special circumstances.
- 5. Students are allowed to celebrate birthdays till 10:45 p.m. They should wind up the celebrations within 15 minutes. Only the following venue should be used for celebrations:
  - For Campus: Under the canopy in the garden outside the hostels.
  - For Off-campus hostel: The celebration should be under the canopy in the garden outside of the hostel.
- Organizers of birthday parties will have to seek permission for the same from the warden. They will also have to ensure that they leave the place neat and tidy after the celebration is over.
- 7. Any kind of physical activity that may cause injury to the student whose birthday is being celebrated is strictly prohibited. This includes the common practice of giving bumps, etc. Any infringement of this rule will invite stringent disciplinary action.

- Due precaution should be taken to keep the noise low during birthday celebrations so as not to disturb any of the residents on the campus. Organizers should ensure that all the students are back in their hostels by 11:00 pm.
- 9. Students should always carry their identity cards always with them and show them to the authorities whenever asked for.
- 10. All students, from all batches and courses, shall have to compulsorily follow the formal dress code in the Academic Block from Monday to Friday, irrespective of the time of day or night. Kurtas and other casual wear will not be allowed in the Academic Block.
- Formal Dress includes:
   Boys Shirts (Plain, Stripes, Checks), Trousers, Formal Footwear
   Girls Shirts (Plain, Stripes, Checks), Trousers or Suits, Formal Footwear
- 11. Any type of casual/indecent attire (shorts, knickers, see-throughs, sleeveless dresses) will not be allowed anywhere outside the hostel rooms. Gents kurtas, other casual wear, capris and bathroom slippers will not be allowed in the Academic Block.
- 12. It is the moral responsibility of every inmate of the campus to maintain the dignity, decency and decorum of the campus. Every inmate has the right to object to any and every kind of indecent or socially unacceptable activity or behaviour, and such objection should be accepted gracefully.

#### d. Attendance Rules

Every student is expected to attend all the classes and maintain 100% attendance to get the maximum benefit from their course of study. However some relaxation can be allowed as under:

Reason for Relaxation	Approving Authority	Time Frame
Participation in co-	Approval by Dean Student	Approval within 5

If there is no official duty then student must attend 80% of the sessions. If the student has official duty, then student must attend 70% of the sessions. The soft copy of the approved document must reach Program Office within 5 days. However it is the responsibility of the student to maintain minimum physical attendance, as per following rules, to be eligible for appearing in the end term examinations.

#### Attendance for First Year

- Every student must secure a minimum physical attendance of 70 % in every subject. However, the aggregate attendance of all subjects in the trimester must be at least 75%.
- The student will have to appear for supplementary examination in all the subjects taught in the trimester if the aggregate attendance in that trimester is less than 75%.
- In any subject/s, if the attendance is/are less than the stipulated 70%, but
  the aggregate attendance is 75% or more, the student will have to appear
  for supplementary examination in subject/s in which he/she has less than
  70% marks.

The above criteria of physical attendance has to be maintained irrespective of the relaxation provided in Table No 1.

#### Attendance for Second Year

- Every student must secure a minimum physical attendance of 60 % in every subject. However, the aggregate attendance of all subjects in the trimester must be at least 70%.
- The student will have to appear for supplementary examination in all the subjects taught in the trimester if the aggregate attendance in that trimester is less than 70%.
- In any subject/s, if the attendance is/are less than the stipulated 60%, but
  the aggregate attendance is 70% or more, the student will have to appear
  for supplementary examination in subject/s where he/she has less than 60%
  marks.

The above criteria of physical attendance has to be maintained irrespective of the relaxation provided in Table No 1.

#### Some Exceptions: -

- In exceptional cases where the student is involved in CCR activities because of which the physical attendance of the student is below the minimum stipulation
- either in the placement interview or related activity
- as a student coordinator in the placement process
- as a student coordinator with / club Metier
   In such cases the CCR Chairperson will recommend to Dean Academics.
   Based on case to case basis, the Dean Academics will take the final decision.
- If it is a serious medical case or family emergency and the student does not have minimum physical attendance, the Program Chair may seek the approval Dean Academics / Director in a very rare case.
- The Programs shall consider cases if a student is officially nominated with the approval of (Director/Dean –Academics) for a special event by the institute.

## e. Rules for Live Projects with companies

## STP/Live Project Rules

- 1. STP/Live Project will start only in Term III.
- 2. The time duration of the live project will be of 10 days inclusive of student's off day and weekly off (Saturday, Sunday).
- 3. Not more than 10% of students of a section/class can be allowed to do the STP/Live project at any point in time.

- 4. In Term II as an exceptional case where CCR floats a live project and gives a very strong recommendation, three students from a section can be sent subject to the approval of the Dean Academics.
- 5. STP/Live Projects will be done on a rolling basis for all the programs.

## STP/Live Project Eligibility, Attendance & Assessment Rules

- Students who do live projects / STP must have physical attendance of a minimum of 60%.
- 2. STP/ Live Projects can be offered to students who have a minimum CGPA of 6.5 till the end of the previous term.
- 3. The STP/ Live Project will be evaluated by an external expert. The Program along with CCR will handle the evaluation process before the beginning of the end term examination.
- f. Attendance Rules for the Members of Student's Placement Committee
  Students Placement Committee members perform a very crucial role. They
  are responsible to drive the placements in close coordination with the
  Chairperson of the Centre for Corporate Relations.

The CCR PlaceCom members who seriously participate and contribute to the major activities of CCR will have to maintain 60% physical attendance to become eligible for the end term examination.

The CCR will have to certify to the Program Office about the effective involvement of the individual in the placement activities. As a blanket rule, all PlaceCommembers will not be entitled to this benefit.

g. Rules Regarding Participation in Competition Sponsored by Corporates Institute from time to time floats corporate sponsored competitions. Centre for Corporate Relations issues notices in this concern throughout the year. Students are encouraged to participate in the same with the approval of the CCR.

## Participation and Attendance Rules

- 1. These rules apply only to those competitions which are sponsored by corporates and notified by the CCR.
- 2. Students who participate in such competitions will be eligible for 60% of attendance subject to the following:
- They participate until the level of regional, zonal, or national, for which they

have to travel or put in extra time in terms of doing certain activities for prepreparations.

- This is validated by a certification/mail.
- It is to be properly registered with CCR and duly validated by them.
- Notional Attendance will be considered for the period the student is engaged in such competitions provided he/she has otherwise maintained the minimum attendance.
- 3. In case the student is not able to perform in the said competition, he will have to maintain a minimum of 70% attendance for appearing in end term examination.

## h. Rules for Participation in Non-Credit Certification Courses

## 1. Industry Endorsed Non-Credit Certification Courses

Recruiters expect students to stretch beyond their regular curriculum and acquire skills, knowledge in the emerging areas of business today. Therefore, as an institute, we have collaborated with corporate/industry bodies to offer Non-Credit Certification Courses. As per the rules of the institute, every student has to complete at least one industry-endorsed certification. If the student chooses not to opt for any certification / does not give the examination for the chosen certification/ fails to clear the chosen certificate evaluation then, he/she will be marked "I" which means incomplete in the transcript.

Industry endorsed Non-Credit Certifications are being offered in two modes: -

- The company experts will design the course outline, evaluation parameters to train the students. Those who clear the examination will be entitled to certification.
- ii. The institute may have an understanding with the company/ industry body to certify students who qualify for the examination based on the syllabus/standards laid down by them. The institute will train the students with the help of experts approved by the certifying organization. The examination will be held as per the guidelines of the certifying body. Those who clear the examination as per their standards will be entitled to get certificate.

There will be a few certification courses for which no fees are taken from the students. However, there could be a few certification courses where the

institute will subsidise the fees to be paid to the organizations. This will be announced in advance.

A student can enrol in more than one certification course. All the certification courses for which the student is enrolled will appear in the transcript. The student must qualify for all the enrolled certifications. If the student is not able to clear one or all of the enrolled certifications, then "I" (incomplete) will be mentioned against that certification.

There is no supplementary examination in these certification courses. The passing grades are decided by the organizations as per their expected standards.

#### 2. Online Certification Courses

In addition to the above, the student must complete one online course of a minimum of 20 hours. It can be done on Coursera or any other platform of repute with the approval of the program office. This certification must be in the chosen area of functional specialization viz. Marketing / Finance / HR / Operations.

Online or industry courses taken as a part of the internal evaluation of any credit course will not be considered.

#### Global Certification Courses

These certifications are accepted globally and are issued by global certifying bodies. MNC and Indian Multinational prefer to hire professionals who hold these global certifications. Because of the strong preference of the companies for these global certifications, these courses will positively impact the placement and average compensation offered. These certifications are essential for those looking for global careers.

Therefore, we must respond to the needs of the industry. The institute will identify the global certification courses and sign the MOU with the certifying organization. The institute will provide intense training to prepare the students for such certifications.

The fees for global certifications are usually high and therefore institutes will extend financial support purely based on merit.

The following will be the details of the financial support to be extended:

- i. Based on the merit (CGPA), till the end of the previous term (Trimester 2), the top 25% of students will be identified from each of the functional specializations in the case of PGDM and PGDM IB. For PGDM RM and PGDM IBM, the top 25% of students up to the end of Term II will be identified by the program.
- ii. Qualified students can enrol for one or more of the Global Certifications.
- iii. If they qualify and produce satisfactory evidence, they will be eligible for reimbursement of actual fees or up to Rs.25000/- whichever is less.

Institute reserves the right to reject the claim of any student if there is a disciplinary case against the student.

These rules are subjected to modification at any point in time.

## 4. Participation Rules

- Students have to complete a minimum of one online certification course and one industry-endorsed certification before the end of Term III. If the student enrols in more than one industry-endorsed certification course, it will be compulsory to clear all of them.
- ii. All the industry-endorsed certifications in which the student has enrolled will be mentioned in the transcript. If a student is unable to clear any of these certifications, "I" will be mentioned which means 'Incomplete' against such certification. No supplementary examination is possible in such cases.
- iii. An online certification course should be a minimum of 20 hours. The suggestive list will be shared by the CCR/ Programme office.
- iv. A certificate of attendance or completion will be issued by the organizing body after the completion of the Non-Credit course floated by the Institute.
- For online courses, the student has to furnish the certificate of completion to the program office before the completion of the 3rd-trimester examination.
- vi. Online Courses or industry courses taken as a part of the internal evaluation of any credit course will not be considered.
- vii. If the students are not able to furnish the certificate before the commencement of the 3rdtrimester examination (a week before the exam), it will be graded as incomplete (I). No further chance will be awarded in such a case.

- Submission of No-Dues and Final Night Out Form at the time of final vacation of hostel
- 1. Duly signed "No Dues" form from all departments to be submitted by the students at Students' Welfare Centre.
- Final Night-out form to be signed and approved by the warden only after submission of No dues at SWC.
- 3. It would be mandatory to submit the final Night-Out form, duly signed by the warden, at the gate, at the time of finally leaving the college.

## j. Students' Grievance Redressal (SGR) Cell

A centralized Students' Grievance Redressal (SGR) Cell enables the students to put their grievances and suggestions for a quick consideration and redressal. Any student having a grievance or suggestion in respect of any department of the institute other than food and hostel may share it either online through mail at student.suggestions@BIMTECH.ac.in or in writing in the suggestion box placed in Academic Block near the Help Desk. The grievances/suggestions received by the cell will be forwarded to the respective department. All the departments of the institute are requested to reply to the same within 48 hours. A copy of the reply has to be marked to the Grievance Redressal cell as well.

A monthly review of the performance of grievance redressal machinery of all the departments will be held.

Complaint Redressal System is in place and students can lodge their complaints related to Facility Management at the below given site-https://spreadsheets.google.com/a/BIMTECH.ac.in/spreadsheet/embedded form?formkey=dFhmMll6b29XMkNwRUUwR0lOTWhtdGc6MQ

# 10. Policy and Rules for Final Placement and Summer Training/ Summer Internship

#### a. Placement Assistance

- Support for Final Placement and Summer Internship is provided by the
  institute to students. This activity is done under the aegis of the Centre for
  Corporate Relations (CCR). Periodically, students are advised, through the
  student groups' mail ID as well as through the CCR superset portal notice
  board, about summer/ final placement opportunities. Students are advised
  to be on the lookout for relevant information either about summer
  internships or final placement.
- Students should be aware that actual placements would depend upon the general economic and industry scenario, the academic and non-academic competencies including domain knowledge, technical knowledge, good communication and soft skills, cultural and medical fitness of each student, as determined by the recruiters.
- 3. While every effort will be made to enable each student to compete effectively for positions offered by companies, the actual conversion of the opportunity into a concrete placement is the sole responsibility of the student. The institute, therefore, does not guarantee that a particular student shall be placed for a final or summer internship irrespective of the student's performance parameters.
- 4. Various trainings are provided to students like Excel, Aptitude Tests, Case Analysis, Guesstimates, Mock Interviews, Mock GD Sessions, CXO Talks, and other soft skills to improve their profiles. It is student's responsibility to use the above sessions to improve knowledge and enhance their profile.
- 5. A good CGPA and proficiency in extracurricular activities and participation in corporate-sponsored competitions will be valuable add-ons for the student. Students should try to upgrade themselves through extensive reading, especially financial and general newspapers besides studying the course curriculum and last but not the least, by regularly attending the class lectures, guest lectures, workshops and seminars organized by BIMTECH to provide value to future employers.

- 6. The companies are looking for proactive, energetic, diligent, well-rounded personalities who have indisputable integrity with high energy. The recruiter also needs to sense the "hunger" for the job on offer from the candidate through body language and attitude.
- 7. BIMTECH will encourage and assist all students to emerge as credible brands in their own right, who are sought after by the corporates.

## b. Policy, Rules and Code of Conduct

- Transparency, fairness and equal opportunity for all students (subject to the specific requirements of the recruiter) is the policy of BIMTECH and are the hallmarks of the placement process at BIMTECH.
- Whenever a company proposes a visit to the BIMTECH campus or wants to conduct the online/ offline process, CCR sends an e-mail confirming the date of the process, and displays it on the notice board with the details related to the process defined by the company. Students then share their expression of interest for appearing in the company process for the offered profile.
- Once a student gets shortlisted by the corporate for their recruitment process, he/she cannot withdraw from the process at any stage. Violators may have to face disciplinary action or debarment from any subsequent placement process. Hence prior to expressing interest, students should make up their minds.
- 4. It will be the responsibility of the student to be extra careful in maintaining the basic decorum, discipline and decency at the time when the company representatives are on the campus or during the online process or when they participate in the processes at the company's premises. Any student found willfully violating these instructions will be liable for disciplinary measures.
- 5. The institute follows "One student one offer" policy. In case of multiple processes and offers, the institute will approve the offer which arrives first. Once a student is selected by the campus process for final or summer placement, he/she is blocked for that particular company and cannot avail of any more placement opportunities. In case student takes an opportunity from elsewhere and not join the offered position on campus will invite disciplinary action by the management which can result in detaining of the final diploma or debarment from the alumni group, etc.

- To facilitate placements, every student should achieve a minimum 5.7 CGPA
   Students scoring below this will not be allowed to participate in the placement process.
- 7. Not more than ten attempts can be availed of by any student in placement/Summer internship process.
- 8. Students are advised to abide by the final short-listing done by the company based on their requirements and criteria. The decision should not be called into question by any student, either individually or by raising questions about this in the Pre- Placement Talk (PPT). Violation of this rule will lead to the debarment of the student from the process. The PPT queries from students should be aimed at clarifying job profile, compensation, etc.
- All communication with the recruiter will be done only by the CCR officials.
   Students are NOT ALLOWED to directly communicate with the recruiter.
   Students are advised to first discuss their concern with the CCR official and seek permission to speak to the recruiter.
- 10. Students appearing for placement are expected to report on time for the process and come well prepared by going through relevant literature such as the company's website, publicity material etc.
  - Students should study the job description (JD) conveyed by companies thoroughly and prepare accordingly.
  - Students should report in the classroom or log in online 15 minutes before the scheduled time & when notified by CCR for interactive sessions with the recruiters.
- 11. Students found improperly dressed during the campus selection process for the final or summer internship may be precluded from participating in the placement process. They should be well-groomed and dressed in formal attire which would be:
  - For Gentlemen: Business Western Formals (Full sleeves shirt and formal pants with blazer {Jeans & Khaki not allowed}), leather shoes and a tie. Clean Shaven/ full beard, well-groomed appearance.
  - For Ladies: Business Western Formals (Full sleeves shirt and formal pants or Saree, formal Sandals / Shoes (heels without noise). Wellgroomed appearance, proper hair do, no danglers allowed.
- 12. Students are advised not to do anything directly or indirectly which may create a poor impression of the institute. Any student found disregarding any of the norms would be liable for disciplinary action.

- 13. CCR reserves the right to modify or introduce new rules, as and when required, such as granting 'day zero' or 'dream company' status to companies if circumstances warrant.
- 14. The Institute allows two years of deferred placement for students who are serious about starting their ventures. Under the Deferred Placement Policy, a student who does not opt for placement initially and opts for an entrepreneurial venture has the option of joining the stream of BIMTECH students for placement two years later if she/he so desires subsequently. The Scheme will be administered jointly by the Atal Incubation Centre (AIC) and the Centre for Corporate Relations (CCR) on a case by case basis on merits. For more details on the process and procedure, please contact the Atal Incubation Centre.

## c. Summer Internship

## 1. Objective of Summer Internship:

- Internships are important to enhancing credentials, testing new situations
  and positioning management graduates for the next step. With persistence,
  passion and creativity, a summer internship is within reach. It offers an
  important opportunity to work closely with professionals in their respective
  fields and to develop knowledge, competencies, and experience related
  directly to one's career goals.
- Recruiters attach great significance to the Summer Internship Project report
  in the final placement interview and in-depth questions on it can be
  expected. Hence, the Project Report should be perceived as an important
  source that signals a student's potential to the recruiters. BIMTECH expects
  every student to take this activity seriously and turn it in an excellent
  deliverable at the end of his/her internship in terms of a project
  report/credentials, knowledge, competencies & experience.
- Summer Internship Workshop: An interactive workshop to set the tone will
  be held on the campus usually in the month of March/April to give detailed
  guidelines and a roadmap to students on the nitty-gritty of summer projects,

the dos and don'ts etc. Students will also have occasion to interact with executives from corporates/ alumni & seniors in the workshop. They will be informed as to what is expected of them during their internship, the needs of the industry, etc. Those found absent will face the penalty of deduction of marks per session from the total SIP marks.

3. **Duration:** The duration of the Summer Internship project for all the streams (PGDM, IB, IBM and RM) will be two/three months, normally between May to June / April to June. The projects will carry 8 credit / 100 points. After completion of the Summer Internship, students will undergo Summer Internship Viva Voce, as intimated by CCR.

## 4. Faculty Allocation, Reporting & Supervision

Prior to the finalization of a faculty as the academic mentor, students should submit an application or an email to the faculty they would like to choose as a mentor, stating the proposed area of research, intent and objective of the summer project. The academic mentor would give approval for being the mentor if he/she is satisfied with the student's submission after assessing the potential learning opportunity and commitment of the student. Students should give their applications or emails well in time so that the mentor has adequate opportunity to go through them.

- I. Students are free to choose any BIMTECH faculty member from the Institute as their academic guide/mentor.
- ii. Not more than 12 students can register under any one faculty as a mentor for the summer internship. The basis of selection will be 'first come, first served'. Students can check the list of available faculty and vacant seats under each faculty on daily basis.
- iii. The student shall arrange for a telephonic conversation or virtual meeting between the industry mentor and the academic mentor before finalization of the project topic/title of the project. The concurrence of both mentors is a must.
- iv. The student shall submit a fortnightly report on the progress of work relating to the internship to the academic mentor, failing which the academic mentor can deduct marks for not meeting the timelines.

- v. The academic mentor would be making at least one visit to the workplace of the student for a meeting with the industry mentor to review the progress made by the student and also to build a long term relationship between BIMTECH and the company/organization.
- 5. Entrepreneurial Internship Program (EIP): Through the Entrepreneur Internship Program (EIP), first-year students can participate in internships wherein during the 10-12 week program, interns will find themselves writing a business plan, presenting it to investors and/or customers, performing a market survey, identifying alternative distribution channels, exploring alternative financing structures, or improving information systems. The EIP will be in place of the SIP with the differences being only a very limited number of first-year students will be selected to be part of this program through a competitive application process.

The students will work on their idea/concept under the supervision of an internal faculty (and if possible, an external mentor) and will try to create a 'proof of concept'/ prototype /ready to the market product during their summer internship.

 Note: Students are advised to access BIMTECH's Knowledge Portal http://111.93.32.219.82:/ (see website) for guidance on model Summer Project Reports. The BIMTECH Knowledge Portal has copies of past Internship reports of students which can also be accessed for reference purposes.

# 11. International Student Exchange Program and Scholarships

BIMTECH offers various international opportunities that allow students to participate in short-term study abroad program in foreign countries. These programs offer a wide range of benefits for students, including exposure to new country, the opportunity to study in a different academic environment and broaden their horizon, and the chance to learn from leading international experts. This helps students to navigate cross-cultural environments in the future workplace and better understand global market trends and business practices.

The detailed information about the various international opportunities is circulated to student group email IDs and is also made available on the NAT in the Centre for International Affairs folder.

## a. Student Exchange Program

- The student exchange program is open to all students of the first and second year. However, BIMTECH may not nominate a student or may cancel the nomination of a student for the exchange program if found not abiding by the academic or discipline norms. The minimum criterion for eligibility is a TGPA score of 5.5 in all previous trimesters in BIMTECH.
- The Student exchange program is offered for one to two trimesters. The application process starts in July/August to nominate students to go under the exchange program.
- 3. A list of International partners with links to their websites is available on the BIMTECH website.
- 4. BIMTECH's Student Exchange Policy explains all rules and regulations regarding the program. Students applying for an exchange program must sign the policy in order to be considered for the screening process.
- 5. Under the Student exchange program, students do not pay tuition fee to the partner university. The student is supposed to bear the airfare, accommodation, insurance, visa and other personal and living expenses while visiting a partner university. Some of the universities demand tuition fees, they will be announced separately.
- 6. Students will get a refund on BIMTECH accommodation and mess charges as per BIMTECH norms which are mentioned in the student exchange policy.
- 7. Students receive a transcript/certificate from Partner University which gets translated into the BIMTECH grading system.

- 8. In case any student has appeared in final year graduation examination in the year of admission in BIMTECH, they must ensure before leaving for the student exchange program that they have submitted their Final Year Graduation Mark sheet for inspection and return by the Registrar / Administrative Officer with a copy of mark sheet latest by 31st October, of the calendar year, as per admission norms.
- 9. BIMTECH strictly adheres to the COVID-19 guidelines issued by the Government of India from time to time. All decisions relating to online exchange programs are based out of that.

## b. Scholarship and Grants by Partner Institutions

Students have the opportunity to receive scholarships and ERASMUS+ Mobility grants from few institutions around the world such as FH Joanneum Austria, Kozminski University Poland, Embassy of France, Government of South Korea, Australian Government's Endeavour Leadership Program Grant for the exchange program or for research projects. Such scholarships are on a competitive basis and are open to all students.

## c. Collaborative Projects

The program is an opportunity for students to work with students from other international universities on research projects under the mentorship of BIMTECH faculty and a faculty from a partner university. Students get an understanding of the multi-market mechanism, virtual team work, complexities of working across time zones and working and collaborating with teams with different cultural orientation The request by partner institution for such projects is circulated to students.

## d. Global Immersion Program

To provide a global exposure to the students, the Global Immersion Program is conducted which entails international academic study tours / international faculty mentoring and delivering lectures in BIMTECH on cross functional and current topics related to the business world from institutions across the globe.

## e. Diplomatic Guest Lecture Series

In current times, globalization of business is happening rapidly and with changes in the global geo-political environment, immense opportunities have emerged for conducting business internationally. BIMTECH, organises the Diplomatic Guest Lecture Series, wherein each lecture focuses on a country's economic and trade relations with India and deliberates upon the opportunities and challenges of that country in doing business with India. The uniqueness of the program is that it gives students the opportunity to learn first-hand from diplomats and foreign service officers about how foreign countries work with the Indian government and its policy, conduct their international businesses.

## b. Policy on Use of the Internet by Students, Staff and Faculty

#### 1. Email & Password Creation:

- i. IT department creates email-id of new students.
- ii. The email-id consists of (first name. last name plus the year of passing@bimtechmail). For example abc.efg19@bimtech.ac.in.
- iii. The password assigned initially must be changed on the first login.
- iv. In case the password is forgotten, one has to contact the IT person in the computer lab with their ID-Cards.

## 2. Email Account Use Policy

The BIMTECH IT department is authorized to use Google Apps Platform as mail client and hence provide email service for its faculty, staff and institute administrators with URL: http://mail.bimtech.ac.in. It is recommended to utilize this e-mail service for academic and official communication. Formal official notices to faculty and staff may also be circulated through this service. E-mail service will facilitate the fast delivery of messages and documents to campus and external user groups or individual users. The user shall contact the IT centre for allotting an e-mail account and default password. The e-mail address should be kept active by using it regularly. Users using the e-mail facility will have to abide following:

- a. Use of this facility for commercial or illegal purposes is a direct violation of the Institute's IT policy and may subject to a withdrawal of the facility. Illegal use includes but not limited to, sending unlicensed and illegal software as an attachment, unsolicited bulk e-mail messages and generation of threatening, harassing, abusive, obscene or fraudulent messages/images.
- b. Only 20 MB of data can be sent through the mail. If need be, then the balance data can be sent via another mail. If required google drive maybe used.
- c. Any mail or attachment that is from an unknown and suspicious source should be avoided; such messages may contain viruses that have the potential to damage the valuable information on your computer.
- d. It is the user's responsibility to keep a backup of the incoming and outgoing mails of their account. The user should not share his/her email account and

- password with others, as the individual account holder is personally held accountable, in case of any misuse of that email account.
- ii. The user should refrain from intercepting or trying to break into others email accounts, as it is infringing the privacy of other users.
- iii. Impersonating the email account of others will be taken as a serious offence under the Institute IT security policy.
- iv. Any Spam mail received by the user into INBOX should be forwarded to it@bimtech.ac.in.

## 3. Guidelines for Using BIMTECH Mail

The purpose of this email policy is to ensure the proper use of BIMTECH's email system and make users aware of what BIMTECH deems as an acceptable and unacceptable use of its email system. The institute reserves the right to amend this policy at its discretion. In case of amendments, users will be informed appropriately.

## 4. Legal Risks

Email is a business communication tool and users are obliged to use this tool in a responsible, effective and lawful manner. Although email seems to be less formal than other written communication, the same laws apply. Therefore, everyone must be aware of the legal risks of email:

- i. If one sends or forwards emails with any libellous, defamatory, offensive, racist or obscene remarks, the individual and the institute can be held liable.
- ii. If one unlawfully forwards confidential information, the individual and the institute can be held liable.
- iii. If one unlawfully forwards or copy messages without permission, the individual and the institute can be held liable for copyright infringement.
- iv. If one sends an attachment that contains a virus, the individual and the institute can be held liable.

By following the guidelines in this policy, one can minimize the legal risks involved in the use of email.

## 5. Legal Requirements

The following rules are to be strictly adhered to. It is prohibited to:

- Send or forward emails containing libellous, defamatory, offensive, racist or obscene remarks. If you receive an email of this nature, you must promptly notify your supervisor.
- Forward a message with sensitive information without acquiring permission from the sender first.
- ii. Send unsolicited email messages.
- iii. Send email messages using another person's email account.
- iv. Copy a message or attachment belonging to another user without permission of the originator.

## 6. Staying Safe

- i. Beware of viruses: Since the installation, one's personal device is liable to be infected by viruses, it is strongly recommended that one should not click on any link or open any attachments of unsolicited or suspicious-looking emails. These messages could infect one's computer with a virus.
- ii. Beware of Phishing: Beware of an email from any sources such as a bank or any other institution which asks you to click a link and then prompts you to fill up details like your name, Date of Birth, Id number etc. Such emails can be malicious and may harm you once you have entered your personal data. Your mail id might have been obtained from social media sites (e.g.Facebook).

It is advised not to click links to such mails or enter details. Instead, visit the proper website of your bank or other institution and interact with them directly. You should visit the official website of your bank (or other institutions) by typing the URL in the web browser. Seek help or call the IT dept in case such mails are coming in large numbers to you.

iii. Best practices: BIMTECH considers email as an important means of communication and recognizes the importance of proper email content in conveying a professional image. Users should take the same care in drafting an email as they would for any other communication. Therefore, the institute wishes users to adhere to the following email guidelines:

#### Writing E-mails

Write well-structured emails and use short, descriptive subjects.

BIMTECH email style is informal. This means that sentences can be short and to the point. You can start your email with 'Hi', or 'Dear', and the name of the person. Messages can be ended with 'Best Regards'. The use of Internet abbreviations and characters such as smileys, however, is not encouraged. Signatures must include your name, job title and institute name. A disclaimer will be added underneath your signature (see Disclaimer below) Users must spell check all mails prior to transmission.

Do not send unnecessary attachments. Compress attachments larger than 5 MB before sending them.

If you need to send files of over 10 MB, do not send these via email; contact your Administrator to find alternate methods for sending the files.

Do not write emails in capitals.

Do not use cc: or bcc: fields to send a mailing to multiple recipients. Instead, use institute designated mail merge software.

Only send emails of which the content could be displayed on a public notice board. If they cannot be displayed publicly in their current state, consider rephrasing the email, using other means of communication, or protecting information by using a password (see confidential).

Only mark emails as important if they really are important.

- Newsgroups: Users need to request permission from their supervisor before subscribing to a newsletter or newsgroup.
- Maintenance: Delete any email messages that you do not need to have a copy of, and set your email client to automatically empty your 'deleted items' on closing.

- Personal Use: Although the institute's email system is meant for business
  use, BIMTECH allows limited personal usage if it is reasonable and does not
  interfere with work. However, the sending of chain letters, junk mail, jokes,
  and executables is prohibited. All messages distributed via the institute's
  email system are the institute's property.
- Confidential Information: Do not send any confidential information via email. If you need to send confidential information, check with your supervisor for safe methods.
- Passwords: Use a combination of words, numbers and special characters for passwords. All passwords must be made known to the institute. The use of passwords to gain access to the computer system or to secure specific files does not provide users with an expectation of privacy in the respective system or document.
- Encryption: Users may not encrypt any email without obtaining written permission from their supervisor. If approved, the encryption key(s) must be made known to the institute.
- E-mail Retention: For email retention guidelines, refer to the institute's email retention policy.
- E-mail Accounts: All email accounts maintained on our email systems are
  the property of the institute. Passwords should not be given to other people
  and should be changed once a month. Email accounts not used for 60 days
  will be deactivated and possibly deleted.
- System Monitoring: Users expressly waive any right of privacy in anything
  they create, store, send or receive on the institute's computer system. The
  institute can, but is not obliged to, monitor emails without prior
  notification. If there is evidence that you are not adhering to the guidelines
  set out in this policy, the institute reserves the right to take disciplinary
  action, including termination and/or legal action.

#### Disclaimer

The following disclaimer will be added to each outgoing email:

'This email and any files transmitted with it are confidential and intended solely for the use of the individual or entity to whom they are addressed. If you have

received this email in error please notify the system manager. Please note that any views or opinions presented in this email are solely those of the author and do not necessarily represent those of the institute. Finally, the recipient should check this email and any attachments for the presence of viruses. The institute accepts no liability for any damage caused by any virus transmitted by this email.'

#### Questions

In case one has any question or comments about this Email policy, he may contact the IT department. Else it is assumed that one has understood the rules and guidelines in this Email policy and agree to adhere to them.

#### Note

Students should bring a laptop of their choice for academic activity which should be at least of the following minimum configuration:

**CPU:** 6th generation (OR above) Intel Core i5 – i7

**Graphics card:** Not required for academic purposes.

**RAM:**  $8GB - 16GB \mid Screen$ : as per their convenience (HD or 4k 3840 x 2160), lightweight or heavyweight.

**Storage:** as per their need (256 GB to 1 TB). Windows Genuine and MS Office (Mandatory) with licence copy.

BIMTECH will only provide internet, we do not provide any software licences to students.

# 14. Social Media Policy

BIMTECH recognizes and embraces the power of social media, and the opportunity these tools provide to communicate with the BIMTECH community, including students, faculty, staff, parents, alumni, and other interested parties.

This policy provides guidance and applies to all users of social media by BIMTECH students, faculty and staff to represent or discuss matters concerning the institute and/or members of the BIMTECH community, whether or not such use involves the Institute's network or other computer resources.

It is important to recognize that the use of social media at BIMTECH or concerning BIMTECH is governed by the same laws, policies, rules of conduct and etiquette that apply to all other activities at or concerning BIMTECH. Even activities of a private nature conducted away from the Institute can subject you to disciplinary action if they reflect poorly on the Institute or interfere with the conduct of the Institute's functioning and reputation.

#### **USAGE GUIDELINES**

#### Rules for Posting to Social Media Sites

- When posting to any social media site, communicating with members of the BIMTECH community, or discussing the institute on any website, even through your personal account or using your own phone, computer or other devices without using the institute's network or equipment, remember that laws and BIMTECH policies governing inappropriate conduct such as sexual (or other) harassment, bullying, discrimination, defamation, infringement of copyright and trademark rights, and unauthorized disclosure of confidential and private information apply to communications by BIMTECH students, faculty and staff through social media as well.
- 2. If endorsing BIMTECH, accurately disclose your relationship to the Institute.
- 3. When using BIMTECH sites or acting within the scope of your Institute's responsibilities, you may only endorse BIMTECH, its programs, or its services if you have been authorized to do so by the Institute. Carefully consider the accuracy, clarity and tone of your comments before posting them.
- 4. Posts on social media sites should protect BIMTECH's institutional voice by remaining professional in tone and good taste.

- 5. Do sign your post with your real name and indicate your relationship to BIMTECH. Do not use pseudonyms or post anonymously.
- 6. Do respect the views of others, even if you disagree.
- 7. Do obey the "Terms of Service" of any social media site or platform in which you participate.
- Do not use social media to harass, threaten, insult, defame or bully another
  person or entity; to violate any Institute policy; or to engage in any unlawful
  act, including but not limited to gambling, identity theft or other types of
  crimes or fraud.
- Do not post or store content that is obscene, pornographic, defamatory, racist, excessively violent, harassing, threatening, bullying or otherwise objectionable or injurious. In addition, do not attempt to compromise the security of any BIMTECH social media site or use such a site to operate an illegal lottery, gambling operation, or other illegal venture.
- 10. Do not post copyrighted content (such as text, video, graphics or sound files) without permission from the holder of the copyright. Remember, even information that is widely available to the public (such as text, photographs, or other material posted on the Internet) may be subject to copyright restrictions that prohibit unauthorized duplication or dissemination.
- 11. Do not use the BIMTECH name, logo or trademarks for promotional announcements, advertising, product-related press releases or other commercial use, or to promote a product, cause, or political party or candidate.
- 12. Do not disclose confidential institute information, non-public strategies, student records, or personal information concerning (past or present) members of the BIMTECH community without proper authorization.
- 13. Do not make false claims or representations about BIMTECH programs or services, and do not speculate or guess if you do not know the information.
- 14. Do not spread gossip, rumours, or other unverified information. Furthermore, do not assume that everything posted on a social media site is true.
- 15. Do not spend excessive time using social media for personal purposes during working hours or use any BIMTECH social media sites, networks, equipment or peripherals for unauthorized commercial purposes.

# **Core Values**

# 1. Vision, Mission & Values

#### **VISION**

Developing responsible leaders with an entrepreneurial mindset and striving for sustainability.

#### **MISSION**

- To be the preferred choice for students, faculty and recruiters.
- To create and disseminate knowledge in global context.
- To imbibe entrepreneurial culture through curriculum, pedagogy, research and mentoring.
- To equip students for global business leadership.
- To develop faculty as global thought leaders.
- To ingrain ethics, sustainability and inclusive growth in all its activities.

#### **VALUES**

Ethics and Integrity
Sustainability and Transparency
Innovativeness and Entrepreneurship

## 2. CSR Initiatives and Students' Development

One of the core missions of BIMTECH is to ingrain ethics, sustainability, and inclusive growth in all its activities. We strongly believe that a business leader, to achieve long term success must be ethical and aim for sustainability and inclusive growth. This is being ingrained in the students through courses like Responsible Business, International Business Law, ISMB, Financial Inclusion, Sustainability & Climate Change and Diversity, Equity, and Inclusion (DEI) at the workplace.

The concept of "Responsible Business" is now one of the core modules in all PGDM programs. The module includes a mandatory community immersion component. Students visit social development projects at companies and interact with government, civil society, and community representatives. This experiential learning acquaints students with the most complex challenges of society and enables them to develop a mindset to bring out sustainable solutions while addressing the needs of communities. The get opportunities to see how companies are implementing strategic Corporate Social Responsibility (CSR) mandated by the Companies Act 2013 and changing the living standards of the communities. They understand how "Social" of ESG is a licence to operate when business is done with a purpose. Environmental, Social, and Governance (ESG) is a framework used to assess an organization's business practises and performance on various sustainability and ethical issues.

Different Clubs/Conduits provide numerous opportunities for student-student and student-faculty interactions. The faculty mentors also participate as speakers, judges, etc., at events/activities organized. Many social events and activities are organised such as Vastradaan, blood donation camps, health check-up camps for construction workers, participation in Swatch Bharat Abhiyan, developing a green campus, etc. Such activities with a conscious mind and conscientious heart are creating a more ethical, inclusive, and socioeconomically sustainable environment.

Sustainability and CSR events are organized from time to time. A National CSR Summit jointly with the NHRD Network and a Workshop on "CSR for Agricultural Development" in collaboration with the National Institute of Agricultural Extension Management (MANAGE), an autonomous institute under

the Ministry of Agriculture & Farmers Welfare, Government of India. So far, six national CSR summits and four workshops have been organized. BIMTECH also provides consulting services to companies in the areas of sustainability and CSR.

Harnessing the power of education in Jails, BIMTECH supports the NGO "Ranganathan Society for Library Development". It has established 15 BIMTECH libraries in jails with the active participation of the state authorities.

Poor children of nearby areas of Pari Chowk Metro Station in Greater Noida receive education, skills, and vocational training at "BIMTECH Vidya Kendra". The "kendra" also provides vocational training and digital literacy for women and adolescent girls.

## 3. Gender Equality

#### a. The Inclusion and Ethics Committee

The Inclusion and Ethics Committee at BIMTECH is also the "Internal Complaints Committee" for the redressal of gender related complaints at workplace, which is in accordance with the provisions of "The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013". This Committee comprises senior faculty members to address the issues relating to Gender Justice and Diversity Promotion. For the security of the female students, special and exclusive hostels with female wardens are provided. Due care is taken for the safety and security of female students and for protecting their privacy in the Girls Hostel.

#### b. RAINBOW-Centre for Women Career Counselling & Guidance

RAINBOW-Centre for Women Career Counselling & Guidance, located at Vikramshila Leadership Centre, at BIMTECH is for capacity building and counselling of Institutes' female students, alumni and industry workforce as well as other social groups. This centre is developed as one of the outcomes of RAINBOW Project co-funded by the Erasmus+ programme of the European Union and with support of all partner universities of the project. The Centre aims to engage with students, alumni and outside stakeholders for research, counselling and support to young women's career planning and capacity building. Its main objectives include developing capabilities in research and advisory in the domain, creating capabilities to offer consulting, training and courses/modules to industry, NGOs or other

stakeholders, designing and implementing an applicable framework for outreach and partnership in the domain and creating and developing awareness programmes and events as well as delivering institutional responsibilities on new courses, compliance and processes.

The Head of the Centre, Dr. Himanshi Tiwari along with a dedicated team of representatives from Alumni Cell, Centre for Corporate Relations, PGDM & PGDM (IB) Program and Admission Office are committed to achieving envisioned goals and objectives. # Life @ BIMTECH

# 1. Residential Life-Hostel Rules and Regulations

All the programmes at BIMTECH are residential and all students are required to compulsorily stay in the hostel. It is the sole prerogative of institute authorities to allot rooms to students in any hostel they deemed fit. The rooms can be single or double occupancy. The hostel rooms are spacious and well-furnished. The hostels also have sports and other recreational facilities. The rules written below will be followed by all male / female students residing in the hostel. Violation of any of these rules will make students liable for disciplinary action, including expulsion from the hostel and, maybe, from the Institute.

The institute has taken utmost care to adopt the best practices and comply with the AICTE as well as government norms of avoiding the spread of COVID-19. Time and again, standard operating procedures (SOP) have been developed for students to follow in their best interest. Violation of the SOP guidelines will result in punitive action and expulsion from the institute hostel. The SOP will be reviewed in due course of time and changes may be made.

#### a. General

- Every student would stay in the accommodation allotted to him/her by the institute authorities. He/she will not be allowed to change the accommodation once allotted.
- 2. Students will be personally and collectively responsible for any loss or damage to the hostel furniture or other fittings in all the common facilities and areas in the hostel.
- 3. Use of electrical appliances like heaters, hotplates, irons etc. in the hostel rooms is prohibited.
- 4. Students must not keep valuables in their rooms. They should lock their rooms properly when they go out for a bath, etc.
- A student himself/herself is responsible for all his/her belongings. The Institute will not be responsible for any loss incurred due to his/her negligence or any other reason, whatsoever.
- 6. Employment of a private servant is not allowed in the hostel.
- Students' Discipline Committee is appointed to supervise and maintain discipline. Every resident should cooperate with them in discharging their duties.
- 8. Ragging is a symbol of immaturity and is inhuman. Ragging in any form, causing mental and physical agony, and abetment of ragging is strictly

prohibited and will invite severe disciplinary action even to the extent of expulsion from the hostel and/or institute.

#### b. Behaviour and Discipline

- Hostelite/s are expected to display acceptable forms of behaviour, anywhere within the hostel complex. Except for hand shaking as a form of greeting, no further physical proximity or unbecoming conduct will be allowed.
- Smoking, consuming alcohol, tobacco chewing or indulgence in prohibited substances in any form is not allowed in the hostel complex or campus area at any time.
- 3. Possession or consumption of tobacco/liquor or any prohibited substances including beer, gutka etc. is strictly prohibited in the hostel or anywhere else on the campus. Consuming liquor outside and entering the institute premises in inebriated condition will also attract severe disciplinary action including debarment from the placements or such other disciplinary action or measure decided by the appropriate authority or committee formed for the purpose.
  - **Note** All students present in the room/ common area where the items underlined in point NO 3 were found/used will be equally responsible for the wrongdoing/s and accordingly be fined/penalized individually.
- 4. Parties or other social gatherings in the hostel complex are not permitted without the prior consent of the Hostel Warden.
- 5. Playing games like football/cricket etc. in hostel corridors is strictly prohibited.
- 6. Hostellers inmates must return to their respective rooms by 11.00 p.m.
- 7. It is the responsibility of the hostel residents to get permission from the hostel warden if they intend to stay away from the hostel. Late return or night out without appropriate permission is considered a serious violation of disciplinary rules and will attract severe disciplinary action.
- 8. Hostellers inmates are prohibited from climbing over the fence or wall to get in or out of the hostel complex.
- 9. A hostel campus should be a place where people can have the best possible conditions for studying and adequate rest. As such due consideration must be accorded to other hostel inmates at all times. Noise level must be kept low to allow others the opportunity to study or sleep in comfort. Televisions, radios, hi-fi sets must be switched off or volume toned down after 10.00 p.m. These rules are intended to ensure an environment conducive to learning for all hostel inmates.

- 10. Vandalism is a very serious offence. Hostel inmates found guilty of committing such an offence may be evicted from the hostel as well as barred from continuing his/her studies on the Campus.
- 11. Hostel inmates should return to the Campus within the time specified by the warden.
- 12. Being a residential campus, students are expected to make full use of facilities and devote time to academic and extracurricular activities. For this, it is essential that students stay on the campus as much as possible.
- 13. Parking will be at your risk. The institute will not be held responsible for any mishaps while using/driving the vehicle by the student.

#### c. Upkeep of the Hostel

- Hostel inmates are responsible for keeping their rooms and the common areas in the hostel, such as the lounge area and bathrooms clean and tidy at all times.
- 2. Air-conditioners, fans, lights and electrical appliances must be switched off when not in use.
- 3. A comfortable room and hot water temperature will be maintained for students staying in hostels. In summer, room temperature 25 to 26 degree Celsius, in winter- 17 to 18 degree Celsius, and hot water- 40 to 50 degree Celsius will be maintained.
- 4. Common hostel furniture must not be moved into other rooms or from one hostel unit to another without the consent of the Hostel Warden.
- 5. Hostel inmates must cover their beds with their own bedsheets at all times.
- 6. Any damage to the hostel property must be reported immediately to the Hostel Warden. Hostel inmates will be charged for all damages, except damages caused by normal wear and tear.
- 7. The Hostel authorities reserve the right to make spot checks on the hostel units and the bedrooms without having to give prior notice to the students.
- 8. Upkeep staff may enter rooms as and when necessary in the course of their duty under the directive of the Hostel Warden/Manager. However, every effort will be made to respect the privacy and dignity of the Hostel inmates.
- 9. The Hostel authorities reserve the right to move Hostel inmates to other hostel units/rooms if there is a necessity.

#### d. Mess Rules

# e. Procedure for Night-Outs / Day-Outs from Hostel

1. Night-outs can be taken on the prescribed form available at the Students' Welfare Centre (SWC)/Off-campus hostel office or in the folder titled 'Various Formats for use at BIMTECH' available on NAT.

- 2. Only two night-outs per month will be allowed.
- Each night-out of a maximum of two nights can be sanctioned by Wardens or Senior Manager (Campus Administration) or Hostel Manager in Off-campus hostel (for students living in Off-campus hostel).
- 4. In case of extended night-outs (more than two night in a row), permission should be sought from respective Course Coordinators and sanctioned only by the Wardens / Senior Manager (Campus Administration) or Hostel Manager in the Off-campus hostel. Before approaching the coordinator, students must get the night-out countersigned at the SWC/Office in Off-campus hostel indicating the number of night-outs taken for that month.
- 5. Third night-out may be allowed only in very special exigencies. The students should plan out their night-out requirements at the beginning of the month itself to avoid the need for a third night-out.
- 6. Students moving on medical grounds must obtain the prior approval of the Institute's Doctor (to be attached with the night-out forms)/warden in exceptional cases. Extension of night-out on medical grounds will be allowed only in case of hospitalization (proof of which needs to be submitted to the SWC on return).
- 7. If a student has availed night-out(s) and requires an extension in exceptional circumstances, (s)he needs to seek permission on email from the Course Coordinator and the Hostel Warden.
- 8. Time for returning from day outs:-

Campus Hostel / RCI V.V. Hostel:

Winter Timings : 1800 Hrs (November to February)
Summer Timings : 1930 Hrs (March to October)

Students from RCI V.V. hostel may use facilities on campus (Library etc.) till 8.30 p.m. (In case students avail themselves of library facility till 8.30 PM on the Campus, will have to travel only by college bus from the Campus to RCI Hostel).

- 9. Night-outs will be sanctioned in the SWC/office in RCI V.V. Hostel only between 6:00 p.m. 8:00 p.m.
- 10. Students must get night-out applications sanctioned at least one night prior to the night-out except in special exigencies.
- 11. Timely information (at least 1 hour prior to the in-time) should be given to the respective wardens in case of the late entry of students on night-outs/ day outs. A list of respective wardens will be intimated to the students separately.

- 12. In case of any official duties/visits / short-term projects, students must submit proper document approved by faculty in charge and Course Coordinator/ Centre Chairperson for sanction of night-outs. In the case of a group of students going together, a common application mentioning all the names should be submitted.
- 13. Students who do not wish to stay on campus during Summer Internship should get their night-outs approved from CCR before submitting them at the SWC / Off-campus hostel office.
- 14. Students should themselves submit their individual night-out form at the gate while departing, rather than submitting it through their friends. The same applies to a signing of night-out form at the SWC / Off-campus hostel office.
- 15. In case of any special event, no night out for the preceding night will be allowed. Night-outs already granted may also be cancelled in such eventualities. On the day of the event, the student may not be allowed day out.
- 16. It will be the responsibility of the student to collect their approved night-out application from SWC and deposit them at the main gate while proceeding for the night-out.

#### f. Visitors

- 1. Visitors, including hostel inmates from other hostel units, are allowed into the visitor area of the hostel only during visiting hours.

The timings are announced from time to time depending upon the requirement.

For students' safety, the speed monitor has been fixed in both the buses run by institute and the speed limit is controlled at 40 to 45 km per hour.

### 4. Students' Conduit / Clubs

There are two student bodies known as Conduits and Clubs. All-important student-related functions are relayed through various conduits with distinctive management flavour. On the other hand, the clubs facilitate the multi-pronged acquisition of knowledge and the honing of skills in communication and self-expression.

In addition to the Conduits and Clubs, there are class representatives of the various programmes and a Student Placement Committee.

The membership of clubs and committees is restricted to provide an opportunity to a maximum number of students. A student can apply for any two conduits; however, on getting selected, he/she can be a member of only one conduit. A student can become a member of a maximum of two clubs or one conduit and one club.

Every mentor of conduits and clubs has to submit a detail of planned activities and events to be held throughout the year with a budget. The budget should include all direct and indirect expenses such as prizes, taxi fares, use of the institute's cars, snacks, etc. Funds for expenses can be drawn only after the approval of the budget from the office of Dean-SW&SS.

#### a. Conduits

- Alumni Conduit is responsible for maintaining links with an active base of over 8000 alumni, who contribute to the institute's placement and corporate relations activities. Students get an opportunity to interact with the established alumni and gain insights into the functioning of the corporate world.
- 2. Cultural Conduit organizes and conducts various cultural events on campus. The events organized and festivals celebrated are Samanvay, Pratibha, Freshers' Function, Janmashtami, Diwali, Christmas, Eid, Onam, New Year, Lohri, Saraswati Puja and Farewell Party. These events include song and dance competitions, fashion show, fêtes, music recitals and mimicry.
- 3. Editorial Conduit is responsible for writing, compiling and editing the articles about the various activities happening in the institute and the laurels achieved in multiple spheres. This committee works to publish the institute's newsletter- 'Vrittant' regularly, which is shared with the industry, collaborating foreign educational institutes and students. This committee also prepares the stories for BIMTECH's web page.
- 4. Food Conduit members see to it that the quality and variety of food served in the mess is not only of acceptable quality and tasty but also nutritious. The conduit prepares the monthly menu as well as special menus for

festivals and events in consultation with the students and the Mess Manager. The committee also organises events based on food themes.

- 5. International Affairs Conduit builds awareness of global opportunities; promotes activities related to exchange for both incoming and outgoing students; language and cultural resource team for incoming students; buddy program for incoming exchange students; and organizes international days / cultural programmes, etc.
- 6. Media Conduit is basically the touchpoint for the interaction with the members of the various media organizations, who are invited regularly whenever there is an event organized by the Institute. Its members are trained to deal with the media persons and to write press releases.
- 7. Sports Conduit primarily involves itself in organizing on-campus sports events, maintaining sports and gym equipments and coming up with suggestions as to the new requirements and sports needs of the students. The conduit is entrusted with the responsibility of organizing yoga camps on campus. The conduit shepherds three clubs under its wing: 22 Yards Cricket Club, Born to Paddle Cycle Club and Foot and Boot.

The motto of the **Foot and Boot club** is to organize regular football events like Inter B School Futsal, Inter-Department etc. **Liga De BIMTECH** is the main attractions of this club which leads to developing managerial skills of the young minds.

**22 yards Cricket Club** is mainly formed to promote cricket activities in the college premises. BIMTECH Premier League (BPL), Women's Cricket and Inter-department matches are the main events of this club. BPL is the only sports event in which students and faculty are equally involved. BIMTECH believes in the wholesome development of the students.

For the sake of maintaining the fitness of students, BIMTECH Cycle Club organizes short and long-distance cycle rides every weekend and also organizes Cyclothon on every important occasion of BIMTECH such as the Foundation Day, Independence Day, Republic day, etc. This club is also working for Corporate Rides and Tour de Greater Noida to spreading awareness on pollution-free environment along with positive health.

8. Valmor Conduit monitors and maintains overall discipline on campus throughout the year.
